Conditions of holding a cup or trophy for one year.

Cups and trophies belonging to the Show Society are engraved and awarded at each show. The winners are allowed to hold them until the following show. During this time the safety and condition of the cup/trophy is the responsibility of the holder.

The Society asks that the cup/trophy is kept in a dry atmosphere as dampness can cause the metal to corrode, turn blue and spoil.

As is tradition, the cup/trophy should arrive back the following year in the same condition as it was received ready to be represented. If your cup/trophy is not engraved please return it early to give time for it to be engraved before the next show.

Dumfries & Lockerbie Agricultural Society

Female Show and Milking Trial

“A/W” Classification

2nd/3rd August 2024

Show Secretary:

Miss Susan Bicket, Dumfries & Lockerbie Agricultural Society,
15 Fruid's Park Avenue, Annan, Dumfriesshire, DG12 6AY

Judge: Mr Richard Pemble

Chief Steward: Mrs Irene McCreath

Milk Steward: TBC

Caprine Arthritis Encephalitis. C.A.E.

This show is classified as:

“W” – goats from herds in which ALL goats over 12 months of age have been blood tested negative to C.A.E. within 12 months of the show date.

C.A.E. testing certificates, must be enclosed with entry. Certificates must include the name and ear number of each and every goat over 12 months of age and be dated within 12 months of the show date. In the case of kid entries whose dams do not appear on the herd certificate, additional certificates for the dams will be necessary.

Exhibitors attention is drawn to the following instructions regarding C.A.E.: “Exhibitors are advised that milk produced at shows and has gone through the common weigh bucket should not be fed to goats of any age as this appears to have been a factor in the spread of C.A.E. in the past”.

If any herds have had a positive CAE result, they must provide two clear whole herd tests, completed since the reactor has been culled. The tests must be not more than 12 months apart and not less than 6 months apart.

Scrapie

All goats admitted to the showground must:

be non-pregnant, and

not have kidded or aborted within 30 days prior to the day of the Show, and

not be or have been subjected to procedure/s which change the seasonal breeding pattern.

A declaration form concerning Scrapie will be sent to all exhibitors prior to the day of the show.

Completed declarations must be given to the Stewards on Show day.

Please note that if kiddings or abortions occur in animals originating from premises not registered under the Scrapie Monitoring Scheme or Category IV of the Sheep and Goat Health Scheme, the scrapie free status of all animals at the unsegregated show and of their premises of origin (if those animals return) may be jeopardised. To try to limit the effect of such kiddings or abortions, the Show Secretary should report them immediately to the local DVM to allow a visit to the showground by an Animal Health/Veterinary Officer who can then conduct an inquiry and more easily identify those animals put at risk.

In the event of an unforeseen kidding or abortion, the goat must be immediately isolated from other goats. (Full details of the goat, exhibitor and action taken must be reported in writing by the Chief Steward, to the B.G.S. secretary, immediately after the show.)

The Goat Classes are held under the Rules, Regulation and Recognition of the British Goat Society. All exhibits must be registered with the British Goat Society as in the ownership and in the name of the exhibitor, the registered name and number and identification mark being quoted on the entry form plus the kidding date for goats in milk. No entries will be accepted unless CAE blood test results are on BGS submission forms or Premium Sheep and Goat Health Scheme forms. This is to enable quick and accurate confirmation of the status of the goats attending the show. Entries for all kids must be accompanied by the necessary valid certificate for their dams.

All goats in milk must be kidded or aborted at least 30 days previous to the date of the Show.

The registered number of any goat, initially entered as R.A.F. (registration applied for), must be submitted to the Show organisers before the goat competes.

Kids must be at least 2 calendar months old by the Show date. Spot checking of ear numbers will be carried out.

BGS Regulations 19 and 20 will be observed. Milking will take place in a separate area, not in the penning area. No containers other than officially marked milk containers will be allowed in the milking area. Milking will not commence until the judge has completed ALL the udder inspections. Exhibitors who have a large entry of milkers are requested to ensure they have assistance, so that there is no undue delay in completing milking.

ALL ENTRIES OF MILKING STOCK whether or not that are entered in the milking competition, must be present for stripping out on 2nd August and must have their milk weighed on the morning of August 3rd, after udder inspection.
